Consequence		Likelihood		Risk
Describe the Hazard and how it might cause harm	Rating L1,M2,H3	Existing Control Measures and Justification	Rating L1,M2,H3	Consequence X Likelihood L1,L2,M3,M4,H6,H9
Fake blood used may get into performers eyes and skin.	M2	Stage Management will check that the performers are not allergic to the fake blood and a 'blood rehearsal' will be organised before the technical rehearsal to block the work in an appropriate way. A first aider will be on site at all times in case an accident occurs.	L1	L2
Additional Control Measures - <i>Suggestions to be written in the box below and submitted for review</i>			Revised risk rating (residual risk)	
			Consequence	Likelihood
			Action by	
			Date

Slip hazard if spilt or used in large quantities.	M2	The actions will be well blocked and rehearsed. Any spillage/excess will be cleaned up at the earliest possible moment by the SM team. Suitable cleaning equipment will be readily available in the wings to clean up. Only the amount of fake blood necessary to the action will be provided for the sequence. A first aider will be on site at all times in case an accident occurs.	L1	L2
